## FAIR SHOWS GOOD GAIN

Porterville's Junior Livestock Show and Fair showed substantial gains during the 1952 run, according to a financial report completed this week by Browning and Reed, Porterville auditors.

Although in actual cash, the 1952 fair cost \$891.88 more than was taken in, cash expenditures of \$6,397.34 went out for a permanent display building—a building that far exceeds this amount in value since it was constructed with many hundreds of man-hours of volunteer labor, and with materials purchased at cost prices.

Receipts for the 1952 fair totalled \$10,051.91, broken into: Swedish auction, \$2,597.50; exhibit space rentals, \$3,090; gate receipts, concessions and donations, \$4,018.68; commission on livestock sale, \$325.00; telephone company refund, \$14.80 and miscellaneous, \$5.87.

Disbursements ran: \$10,743.79, broken into: Fair buildings, \$6,397.34; entertainment, \$1,673.88; supplies, \$969.15; manager salary, \$827.25; general expense, \$234.96; insurance, \$227.10; utilities, \$133.58 repairs, \$110.49; advertising, \$100.00; travel expense, \$68.44; bank charge, \$1.60.

Total income from the junior fat stock sale is not listed in the general receipts, since this money, with exception of commission, goes back to boys and girls selling (Continued on Page 2)

Need for the district from the standpoint of health, and the elimination of a nuisance, was stressed. Council members were noncommittal, however, opinion appeared to be that they do not favor bringing the city into such a district, however the matter is to be considered at a future meeting.

### Fair Shows Gain

(CONTINUED FROM PAGE 1)  
stock.

Bank balance for the fair, prior to start of operation in 1952, was \$1,721.26; bank balance as of August 19, 1952, was \$1,029.48.

At the present time, the fair has a deficit of \$6,000, incurred in 1950, which is covered by a note co-signed by the nine original directors of the fair.

Fair directors state that with the major expense of moving into a permanent location taken care of this year, it will be policy in the future to continue to improve the fair grounds but at the same time to start paying off the note against the fair.

A meeting of directors will be called in the near future to start planning the 1953 fair. Already, requests have been received for display booth space next year.

The Porterville show is the largest in the state of California that is operated entirely through local, community support, without aid by state funds.

Improved market has brought increased shipment of carrots from the Salinas valley.

## FINS FUR FEATHERS

By Phil The Forester

Friday, October 24 will usher in the 70 day California duck and goose season with the biggest population of waterfowl in several years.

Duck hunting doesn't mean too much to the average Tom, Dick and Hunter unless he has ways and means to secure duck club membership. However, with a little scouting and advance planning, most any sportsman should be able to bag a few ducks.

This year the department of fish and game will have ten public duck hunting areas with a total of more than 34,000 acres available for the free lance water-fowler.

The most convenient of these for valley hunters will be the Merced and the San Luis Wasteway.

The Merced Waterfowl management area will be in two units, one to accomodate 30 hunters with blinds at a \$5 charge and the other area to take care of 50 sportsmen without blinds and without charge.

The San Luis Wasteway in Merced county is a new area open for

the first time this year. It will accommodate 100 hunters on a free and no blind basis.

Detailed data on these public duck hunting grounds as well as the specially worked out, day by day, hour by hour duck shooting time table are available free by writing to me, Phil the Forester, Radio KFRE, Fresno, California.

In addition to these state managed areas, Buena Vista lake in Kern county will be open to the duck hunting public and part of Tulare lake in Kings county will be open. Other than this, it's every man for himself wherever water is available without no trespass signs.

The bag and possession limit on ducks this year will be six (only one wood duck) and in addition thereto, two widgeons or two pintails, or one each may be taken. In other words, if the hunter has two of the above, he may take six other ducks regardless of species except for the wood duck.

Shooting hours will be one half hour before sunrise to one hour before sunset except that on the opening day when shooting may not legally start until noon.

The federal agency which has jurisdiction over migratory birds, the U. S. Fish and Wildlife Service has recently assigned a new game management agent to the San Joaquin Valley with headquarters in Fresno on a permanent basis. The very likable young fellow with a big job ahead is Harry M. Latimer.

California's first special mountain quail season will open in certain areas of Mariposa, Merced, Madera, Fresno, Tulare, Mono and Inyo counties on Saturday, October 11. The bag and possession limit will be four birds. Sportsmen are warned not to take valley quail during this special season

## "RAGGEDY ANN AND ANDY" TO BE STAGED FOR CHILDREN OF COMMUNITY AS PROJECT OF PORTERVILLE UNIVERSITY WOMEN'S CLUB

The Porterville branch of The American Association of University Women will present the Barn Theater Touring company production of "Raggedy Ann and Andy" on Thursday, October 16th, in two performances at 10:00 a.m. and 1:00 p.m., in the auditorium of the Monache theater.

Children of all ages, as well as adults, will enjoy an original show, as adapted from the famous Johnny Gruelle stories by Barn Theater Director Pete Tewksbury, with a script especially written by him to appeal to children of mixed ages and backgrounds. Unusual and original sets designed by Frank Meottel of the Barn Theater feature such oddities as oversized doors with doorknobs so high that the average person cannot reach them and huge furniture which towers over the heads of the dolls.

Costumes for each of the dolls have been painstakingly re-created from the colorful and exciting Johnny Gruelle illustrations which characterize each of his famous books by talented Lucille Anderson of Ojai, who also costumed last year's Barn Theater Touring company.

"Raggedy Ann and Andy" promises to be one of the finest children's shows ever presented in Porterville. Proceeds of the ticket sale are to be used locally to support the activities and educational work in classes for handicapped children which have been held in the rear of the Olive street school under direct sponsorship of the local branch of the University Women, for several years.

Tickets will be available at 40¢ through classroom teachers and University club members, and early purchase of tickets is urged since a capacity attendance is expected for each of the two performances. Children in grades one through eight will be supervised by teachers and club members. Kindergarten children should be accompanied by adults, and they too should find the play a fine type of entertainment.

## SPRINGVILLE NEWS

By Winnie Gage

By Winnie Gage  
Mr. Jack Morrison, aged 68 years, died suddenly at his home near Springville October 2 with a heart attack.

Mr. Morrison had lived here for 33 years and had many friends who will miss him very much besides the loss to his family. He leaves his widow, Alma, three daughters, Mrs. Maude Kiebber, and Mrs. Violet Huntington of Porterville, and Mrs. Harriet Eliff of Vallejo, two sons, Walter and Clifford of Porterville, three brothers, Howard and Charles, of Porterville, and Frank, of Woodlake; twelve grandchildren and three great grandchildren.

The funeral services were held Saturday at the Loyd Chapel and burial in the Home of Peace cemetery.

Paul Douglas and Frank Kibler attended the Lion's Club zone meeting October 3 and reported a good meeting and attendance.

Mrs. Wesley Wood (formerly Barbara Rice) left Monday to join her husband at Navy Base at Bremerton, Washington.

Mrs. Charles P. Hodges was a guest last week of Mrs. Jessie Clemens of Fresno.

Miss Rosa Layton accompanied her aunt, Mrs. Ruby Tillie to her home in Orange Cove over the past weekend and they attended the Fresno fair on Sunday.

Ted Morgan and "Slim" Washburn took a four day fishing trip on the Klamath river in Northern California. They report no fish but an enjoyable time.

Mrs. Mary Davis and her daughter, Mary, are visiting in Los Angeles this week with Mr. and Mrs. Bob Cartwright and Mr. and Mrs. Lee Sandeen. Mrs. Cartwright and Mrs. Sandeen are daughters of Mrs. Davis.

Glenn Renier and Dorothy Brown were married September 3 in Las Vegas and are now living at Greenhorn where Glenn has employment.

Mr. and Mrs. Steve Cannon of Stanton and Mr. and Mrs. Frank Cannon of Santa Anna were recent visitors with Mr. and Mrs. Steve Cannon's daughter and family, Mr. and Mrs. Clyde Osborne on their Mount Dennison Ranch.

The Springville Grange held a potluck recently at the Community Hall. The 4-H boys and girls gave a series of talks and demonstrations. Gene Pixley was master of ceremonies and introduced his brother, Bill Pixley, who gave a talk on 4-H work. Barbara Frayo and Jackie Root demonstrated methods of bleaching feed sacks.

Some of the Grange members entered a contest on play writing. Miss Lucille Higgins won the local contest and her play was given that evening and now the play has been sent to the National Grange Contest. Also attending the Grange meeting were Mr. and Mrs. Jack Gregg and son. Jack has received his discharge from the Navy.

A large crowd is expected next Sunday, Oct. 12, at the McComber ranch 3½ miles above Springville on the Camp Nelson road for a Junior Horseman's Show.

It is for boys and girls, 12 through 18 years. The events will consist of barrel race, stake race, musical chairs, lead race, calf roping, pleasure horse class and novice stock horse class. Prizes and ribbons for each event with a grand prize of a 2-year-old colt. No entry fees. No admission charge. So bring your horse and enter as many events as you can. If you don't have a horse, come anyway, as this show will be lots of fun for everyone.

When a man loses his dog he has lost a good friend. So Mr. and Mrs. Albert Keasey have lost an exceptionally good friend in the death of "Corky" who died October 5, 1952. The Keaseys got "Corky" when he was two months old from The Monrovia Kennels in Pasadena in February, 1935.

Corky has made two trips by car to Indianapolis, Ind., on one trip visited eleven different states and on the other trip visited thirteen states. He has also traveled in Canada and Mexico.

The Keaseys report on one trip to Indianapolis Corky went on a sightseeing tour by himself and was found in the famous circle of soldiers and sailors monument. He has been failing in health the last two years but scientists report one year of a dog's life equals seven years of a man's, making an equivalent of 139 years.

Everything is up except your electric rates...  
and they're down!

Production of electricity is up. The business-managed electric companies have doubled the supply available six years ago. Your use of electricity is up. The average family uses far more electricity than ever before. Our costs are up. Like everyone else, Edison is paying more in wages and taxes, and more for material and supplies...but Edison rates for domestic electric service are little more than half what they were twenty-five years ago.
